

Your Daughter's Birthday

Can all be made happy by your remembrance as long as she lives—by a life income payable on that day. The income can begin ten or twenty years hence as you elect—or at once in event of your death. You can provide for this by small annual payments. What income would you provide for her?

From the Columbus (Ohio) Dispatch, March 31, 1935.
ONE THOUSAND DOLLARS A YEAR FOR LIFE AS THE RESULT OF ONE PREMIUM PAYMENT, IS THE REWARD GIVEN BY MRS. RESTIEUX FOR BELIEVING IN LIFE INSURANCE.

I beg to acknowledge the receipt of check for \$1,000, the first instalment on a \$20,000 Continuous Instalment policy No. 1,399,708, on which only one premium had been paid, and under which The Mutual Life Insurance Company of New York agrees to pay me \$1,000 per year as long as I live.

Yours truly,

SARAH F. RESTIEUX

NEW HOTEL AT WAIKIKI.

Col. G. W. Macfarlane says that three distinct propositions regarding the building of a hotel at Waikiki Annex have been talked over. One of these is the building of a modern fire proof hotel, another is the erection of a high class apartment house; and the third is as the grounds are large enough, to build both a hotel and apartment house. He says he is holding the Waikiki property in the future interests of the Hawaiian Hotel Co.

WOUNDS, BRUISES AND BURNS.

By applying an antiseptic dressing to wounds, bruises, burns and like injuries before inflammation sets in, they may be healed without maturation and in about one-third the time required by the usual treatment. Chamberlain's Pain Balm is an antiseptic and when applied to such injuries, causes them to heal very quickly. It also allays the pain and soreness and prevents any danger of blood poisoning. For sale by all dealers, Benson Smith & Co., agents for Hawaii.

TO INTRODUCE THE SCHOOL CITY

SUPERINTENDENT HABBITT PROPOSES TO ORGANIZE THE SYSTEM IN SCHOOLS HERE.

Superintendent Habbitt is considering introduction of the "School City" plan in the public schools here. The plan has been adopted in many other places with success. It is a scheme of organizing pupils into city governments and allowing them to manage their own affairs much as local governments are supposed to do. The plan has been of great aid to discipline and education where tried.

Habbitt has written to the heads of the various schools here for their views on the proposition and if they approve he will probably proceed at once with the organization of school cities. William L. Gill, of Philadelphia, who started the movement, is soon to go to the Philippines to inaugurate it there, at the request of President Roosevelt, and he may be asked to stop over here and help.

MISS PRESCOTT'S DREAM.

EDITOR STAR:—It seems to be best form at present, and a thing to be desired, that the dear public make suggestions as to improvements and new beauties for our beautiful Honolulu. We have been casting about, to see where we might "put in an ear."

And the Young Hotel, being in our neighborhood, we took a good look at that fine structure; and as there will be more hotel room needed, it occurred to us, that if Mr. Young could build on, to the hotel, on the Hotel-street side, to the very corner of Alakea, how grand it would be! Perhaps the Y. M. C. A. building could simply be remodelled within, and more stories added, and then covered with plates to harmonize with the present hotel. It would certainly make one more magnificent corner, (and corners, in hotels, are what we shall need, very shortly.)

Another point we wish to make is, that the present Y. M. C. A. has outgrown its gown, so to speak, and needs a larger and a different plan of building altogether. It needs one now to suit the climate, of an evening, at least—something cool and airy—decolletier, if you please, with linens, etc.; and a haul of beauty (with good acoustic properties. The Association needs a different locality, with quite large grounds in order to carry on its many works.

However, this is the writer's idea with regard to comfort and program, for the Association, and may not be seconded, but by few.

ANNIE M. PRESCOTT.
